

– SAFETY PROGRAM –

By filling out and signing this document, you acknowledge that your company either has a formal, in-writing safety program/plan or will adhere to CYE Enterprises' Safety Program.

You are required to submit a copy of your formal Safety Program within 10 days of subcontract award. You may also opt to adhere to CYE's Safety Program if you feel your program is not robust enough. Your program will be reviewed by CYE for appropriateness and coverage. If CYE deems the program to be ineffective or lacking in any section, we may require your company to adhere to CYE's Safety Program.

If your company does not have an established program, you opt to use CYE's program, or if your program is not deemed acceptable, we will send you a copy of our Safety Program documentation. This document must be reviewed and followed by all employees working on this project.

This Safety Program acknowledgement form must be returned to CYE along with your other subcontract documents.

PROJECT:

SUBCONTRACTOR:

Please choose one of the following options:

Subcontractor has an established Safety Program/Plan and will be submitting to CYE for review

Subcontractor opts to use CYE's Safety Program in lieu of own Program/Plan

Subcontractor does not have an established Safety Program/Plan and will use CYE's Safety Program
